

- Reflector BOS
- Cube corner 4 mm
- Series RF-OS
- for reflection light barrier
- ABS

General attributes

Application for reflection light barrier
Series Series RF-OS

Electrical attributes

Mechanical attributes

Active surface 50,9 cm²
Ambient temperature Ta max. 60 °C
Ambient temperature Ta min. -20 °C
Housing material ABS

Length 1 Ø84,0 mm
Length 2 7,3 mm
Mounting type glue
Screw M4
Sensing face material PMMA
Style Cylinder, 1 mounting hole
Version Cube corner 4 mm

Additional text

The reflection degree is maximum with perpendicular beam of light and if the reflector stands in the angle of rotation well for the polarization direction of the light.
