GHM Messtechnik GmbH - Location Honsberg

Tenter Weg 2-8 • 42897 Remscheid • Germany Fon +49-2191-9672-0 • Fax -40 www.ghm-messtechnik.de • info@honsberg.com

# **Product Information**

# **GHM-HONSBERG**

## **MWI-025HM**

# **Level Switch MWI**

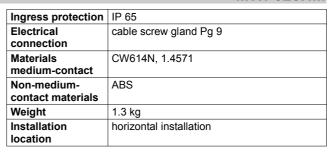

- Temperature up to 180 °C
- High switching current
- Transformer

#### **Characteristics**

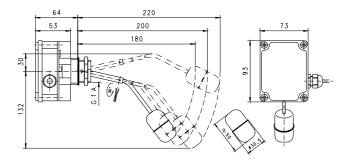

Mechanical level monitor for fluid media, with contact-free triggering of a micro switch.

#### Technical data

| Switch            | Micro switch            |
|-------------------|-------------------------|
| Process           | male thread G 1 A       |
| connection        |                         |
| Density of        | ≥ 0.7 g/cm <sup>3</sup> |
| medium            |                         |
| Pressure          | PN 15 bar               |
| resistance        |                         |
| Medium            | -20+180 °C              |
| temperature       |                         |
| Ambient           | -20+70 °C               |
| temperature       |                         |
| Media             | water, oils             |
| Wiring            | 2 x changeover          |
|                   | No. 0.392               |
|                   |                         |
|                   |                         |
|                   |                         |
|                   | 1 2 3 4 5 6             |
|                   |                         |
| Switching voltage | max. 250 V AC           |
| Switching current | max. 5 A                |
| Protection class  | 2 - safety insulation   |
|                   |                         |

#### **Dimensions**

## Handling and operation

- It must be ensured that the values given for voltage, current, and power are not exceeded.
- When switched on, a load must be connected in series.
- The electrical details apply to ohmic loads. Capacitive and inductive loads must be operated using a protective circuit.
- Not suitable for use in media with ferritic particles.
